

Sierra Sun

by WALTER M. BARRETT

Have you ever noticed the bland, innocent pleading which the peddler exercises when calling upon a prospective customer? You actually feel sorry for the poor fellow—that is if you give him a chance to go into his song and dance. He can make you feel you are doing yourself as well as him a rank injustice by not buying his indispensable items. Always bear in mind, peddlers for the most part are well-trained salesmen who have only one object in mind and that is separating you from your money. One such able solicitor, a kind, fatherly looking fellow, well past middle age, recently left Truckee with a well filled purse obtained from his sale of "orchid plants" which would, he promised faithfully, thrive in a bowl of fresh water anywhere in the house. The price was \$1.25 for a pair, the male and the female plant, if you please. But anxious to sell them and return to his home in the southland, the gentle florist reduced the price to \$1.00 per pair and if this seemed too high, 50 cents could easily be spared and he was willing to sacrifice his loved plants, carefully cultured at his garage "at home". The "orchid" peddler readily disposed of his stock and the next day it was revealed the plants, a wild type of water lily which grows in abundance on the edge of the Truckee river near Verdi, quickly died when taken from their native waters. This is only one example of the way we can be fooled and we again caution you to buy it in Truckee from reputable merchants. Stop the peddler before he gets going with his story and the battle is won, otherwise he has the best of the deal and you are probably sunk. Trade at home and be sure.

The Tahoe Gun Club's second annual pistol shoot Sunday at 10 a.m. should afford local gunmen a fine opportunity to get in some good practice and at the same time have an opportunity to bring home one of the 12 trophies or some of the medals being awarded. If you haven't a pistol, borrow one and get in on the sport.

Professional panhandlers in Truckee are becoming far less common than in the past few years and it is an exception now rather than a rule to be set upon by the Weary Willies every time you venture down the street. Credit for this nicer and healthier condition is due largely to the efforts of Chief Tom Dolley who has been waging war on the moochers. We are sure our visitors will think better of Truckee if they come and shop and leave without being accosted for the price of a cup of coffee.

One hundred and fifty thousand rainbow trout have been put into the feeding tanks at the San Francisco Flycasting Club where they will reside for the next three months while being fed and prepared for their winter in the Truckee River. It will cost \$800 or \$900 for the feeding and care of these fish and Truckee will be called upon to stand its share. This expense is necessary and one which cannot be met with wishful thinking. Within the next few days a petition will be circulated among the business men and residents who will be asked to participate in the cost. Remember this is not a donation, but a good sound and vital investment in your own interest.

Tony Besio is Wedded To Modesto Girl in Reno as Brother is Best Man

Miss Maxine Kempe of Modesto became the bride of Antony Besio of Modesto and Truckee at a ceremony performed at the home of Rev. Brewster Adams at Reno on Saturday, August 9.

Angelo C. Besio, brother of the bridegroom, and Miss Eva Moro were the only attendants.

Besio, son of Mr. and Mrs. Steve Besio of Truckee, attended Truckee schools, later went to Hastings Law School and San Francisco State College. He is a teacher at Modesto.

The bride is a well-known resident of Modesto. The couple plan to enjoy the summer in this region and will make their future home in Modesto. They have been receiving the congratulations of their many friends.

Tahoe Club To Hold Shoot On Range Sunday

All Classes Welcomed To Participate In Program

AWARDS ARE OFFERED

Visiting Teams Expected In Contests On New Range

Arrangements are being completed by the officers and members of the Tahoe Gun Club for the second annual pistol shoot to be held on the new range, half a mile west of Tahoe City on the Truckee highway Sunday. The shoot will start at 10 a.m. and all classes, A, B and C, will be represented.

Teams from various organizations in the surrounding area are expected to enter and compete for the 12 cups and 40 medals being offered in the competition. Gold, silver and bronze awards will be made in each division.

Donors of the awards were listed by Game Warden William LaMarr, one of the officials in charge, as Tahoe Realty Company, Tahoe City Garage, Loynd's Drug Stores, Carl Bechdolt Jr. of Lake Chalets Motel, Atherton's Grocery, Truckee-Tahoe Lumber Company, Turnage Market, Tahoe Novelty Shop, Honeybunch's Soda Fountain, Worden's Camp, N.R. Mayfield (building contractor), Paul Crandall's Store, Village Store (A. M. Anderson), Joe Duffee (plumbing contractor), and Carl Bechdolt Sr. of Tahoe Inn.

An entrance fee of 50 cents per match and \$2.50 per team will be charged to defray the expense.

Mrs. Charles Swanson was hostess Tuesday evening to the 22 members and friends of the club. Refreshments were served in the new Swanson dining room following the business session.

Former Local Speaker is Named Health Chief in Los Angeles This Week

Dr. George M. Uhl, M. D., who has several times spoken before the Truckee Lions Club and at Lake Tahoe, received his appointment as head of the Los Angeles county health department this week. The vacancy came about through the sudden death of Dr. Uhl's predecessor.

Dr. Uhl has been associated with the state health department for many years and will be remembered locally as the advocate of a bi-county health department for Placer and Nevada counties.

Mother of Local Woman Dies Suddenly in Auburn After Lengthy Illness

Mrs. Nancy Walker, mother of Mrs. Harold T. Langille, died suddenly last Friday of a heart attack at an Auburn hospital, following a lengthy illness.

Mrs. Walker had visited here with her daughter and will be missed by those who knew her. She lived all of her life in Colfax, occupying the house where she was born more than 70 years ago.

Her father, George Fawcett, was the first barber in Colfax. The deceased leaves her husband, George Walker; two daughters, Mrs. Ethel Bell Dougan of San Francisco and Mrs. Langille; two brothers, Alvin Fawcett of San Francisco and Arthur Fawcett of Las Angeles; a sister, Miss Jessie Fawcett of Lodi and two grandsons, Robert and James Leamon of Truckee.

Last rites were held in her home town on Saturday with interment in the Colfax cemetery.

Visit with Aunt—

Miss Maxine Kaer and Miss Patsy Kelley of Dunsmuir have returned to their homes following a visit with their aunt, Mrs. Dave Cabona.

Local Man Named To Be Zone Chairman Of Lions Clubs Of Area

Frank W. Gainnie, past president of the Truckee club and manager of the Sierra Pacific Power Company in this district, was appointed zone chairman of the Donner Zone of Lions Clubs embracing 11 clubs of this area, by Deputy District Governor A. G. Thurman who visited the local club last night.

Thurman, state assemblyman from Colfax, and three members of the club of that city, Dr. E. G. Williams, President E. W. Sinnock and A. H. Turner, paid the Truckee club a visit and enjoyed the program presented under the sponsorship of A. P. Fontana, program chairman. Robert Simmonds of the Bank of America staff was also a guest, as was Ernie Pinelli of the Standard Oil Company.

The program was a series of motion pictures shown by George H. Austin of the sales department of the Standard Oil Company of Sacramento which proved entertaining and educational.

Man Hired, Grounds Are Fixed, as Board Prepares Grammar School Opening

Thomas Griffin of Oakland has been engaged as a teacher in the Truckee school district by the board of trustees for the coming year. Griffin has had experience as a physical education instructor in the bay district and is recommended as an efficient teacher.

The paving of the grammar school grounds is under way this week with Paul Thrall of Sparks doing the work. The completed job will be an improvement, eliminating dust and holes in the playground.

Sheep Killing Bruin is Caught After 15 Sheep Destroyed in 3 Weeks

"The bad bear is caught," jubilant Leon Paulo, son of one of the sheep grazing permittee on the Tahoe National Forest recently informed District Ranger H. I. Snider of Truckee. Paulo had been complaining how his sheep were being killed and generally disturbed by a bear in Ward Canyon west of Lake Tahoe and Snider asked Game Warden LaMarr to give the O.K. for Paulo to trap the bear, which is permissible if the bears are destroying property.

Two days later the shepherd reported the catch after trailing the bear and the trap attached to a log for two miles. The beast weighed only about 200 pounds but had acquired a taste for mutton, having killed 15 sheep in three weeks time. No further trouble has been experienced from bear killing since the catch was made, Paulo informed the ranger.

"Not all bear will kill sheep" said Snider, "but when they acquire the taste for mutton they raise havoc among the sheep bands."

Quite an increase is noted among the bruin population in the Tahoe forest in the past few years and while they are seldom seen or never have been known to bother forest travelers in this locality, they have been a source of considerable trouble to stockmen in killing sheep and robbing their grub supply while herders are absent from camp.

Daughter of Hobart Mills Man Feted at Birthday Party at Tahoe Resort

Mrs. Rex Moore, Jr., of Sacramento, daughter of Mr. and Mrs. Harry Lansberg of Hobart Mills was honored at a dinner party at Forest Inn, Lake Tahoe, Saturday on the occasion of her birthday. Ten friends and relatives were present to enjoy the affair. They included Mr. and Mrs. A. P. Leitch, Mr. and Mrs. Rex Moore Jr., Rex Moore Sr., Mrs. Joseph Lansberg of Los Angeles and Mrs. Harry Lansberg, Miss Diana Brown of Fresno and Miss Sally Moore.

150,000 Rainbow Trout Placed In Rearing Tanks

Feeding Program to Start Immediately With Allotment

EXPENSE IS SHARED

Fish Officials Buy With Transportation Of Trout

Under the direction of J. C. Lewis, superintendent of the Lake Tahoe fish hatcheries; Lloyd Shebley of the Tallac hatchery, and William Talbot, foreman of the Bear Valley fish planting crew, six trucks yesterday were engaged in transporting 150,000 rainbow trout from the Tallac hatchery to the rearing tanks at the San Francisco Flycasting Club.

The fry are being transported in the new type cans, the water in which is constantly supplied with the required amount of air to prevent suffocation. By careful handling, all the fish were deposited in the tanks without a casualty and are now being fed and tended night and day to assure their safety and development.

Last year, 150,000 fry were placed in the tanks and when liberated had reached the surprising length of between five and six inches and more than 140,000 were planted.

The cost of raising the fish, aside from the maintenance of the tanks and equipment, which is supplied by the flycasting club, is shared by the club and Truckee merchants and others interested in keeping the streams of the area stocked. The Sierra Fish Planting Club, organized a year ago, has taken up the duties of raising the money and assisting in the raising and planting program.

The 150,000 trout to be fed and liberated later will be augmented by millions of fry to be placed in the local streams and lakes by the State Fish and Game Commission.

Superintendent Occupies Pulpit of Church Here For Quarterly Conclave

Rev. Verne C. Brown, superintendent of the Sacramento district of the Methodist Church, preached at the Community Methodist Church on Sunday morning and conducted a quarterly conference. Chaplain Irvin Askin of the Civilian Conservation Corps was unable to be present as had been planned.

Local Pair Attendants at Wedding of Friends in Reno Ceremony Sunday

Miss Rose Petroni and Heslin Cardinal were attendants at the wedding of Miss Petroni's cousin, Mero Monagrati to Miss Eva Bianchi in Reno Sunday.

The bridegroom is widely known here where he has frequently visited with relatives and friends. He is a former resident of Alta while his bride is a Stockton girl. The couple will reside in Vallejo.

\$80.80 Rebate to County From Local School Is Included in Month's Take

Included in the \$36,652.72 paid into the Nevada county treasury during July was the sum of \$80.80 as a refund on materials furnished night school at Meadow Lake Union High School here. The school is conducted by the local board of trustees at the Hobart Mills CCC camp.

Total warrants paid out by Frank Steel, the county treasurer, during last month amounted to \$57,425.54.

Return to Kansas—

Doctors V. V. and E. M. Manning left for their home in Leavenworth, Kansas on Friday. Mrs. Manning made an extended visit with her sister, Mrs. Minnie Pohl.

American Red Cross Seeks To Revitalize Branch Under Keetch

Pointing out the significant fact that the American Red Cross alleviates civilian distress in time of disaster, Miss Alice Case, field representative, was in Truckee this week working with local interested persons to revive the branch here.

A public meeting will be held at the grammar school tonight at 7:30 o'clock for the purpose of completing the organization and electing branch officers.

The national mercy workers are endeavoring to educate and thoroughly awaken the individual to first aid, distribution of life's necessities during the possible disaster or panic.

Miss Case stated that the Red Cross is working with the county council of defense and through local channels hopes to have everyone cognizant of the work.

Rev. G. J. E. Keetch was re-appointed as general chairman with Mrs. Ben Tonini as secretary and Yell Nobles, treasurer. Frank Gainnie is first aid chairman, Mrs. Keetch is in charge of the production of warm comfortable garments, Gustav Hofmann will head home service, Mrs. Melvin Hayes will have charge of publicity, N. F. Dolley is disaster preparedness chairman. The chairman for the annual roll call will be named later.

Truckee-Tahoe Rotarians Join Other Clubs in Area At Lawton's Barbecue

Almost the entire membership of the Truckee-Tahoe Rotary Club Monday night attended the annual barbecue and entertainment staged at Lawton's Hot Springs. Delegates were present from the clubs in Fallon, Truckee, Loyalton, Reno and other nearby cities to swell the crowd to 140.

Joe Evans acted as master of ceremonies and arrangements were made by George Siri of the Reno club.

The Truckee group reported the affair a big social success.

LaMarr Scores 282 Points Out of 300 to Lead Team At Folsom Pistol Match

Game Warden William LaMarr, with a score of 282 out of a possible 300, ranked highest in the State Game Warden's pistol team which competed with the Camp Curry and State Highway Patrol teams at Folsom last Sunday. The patrolmen emerged victorious.

LaMarr recently won the Zellerbach Cup in a state meet.

Last Rites Held for Mrs. Mae G. Titus in Captol; Was Known in Truckee

A requiem mass was celebrated at the Immaculate Conception Church on Tuesday for Mrs. Mae Gertrude Titus, 62, in Sacramento. She died Sunday in the Mercy Hospital.

Burial was in St. Mary's Cemetery. Mrs. Titus was born in Ohio and was brought to California when she was two years old. She resided in Sacramento for the last 14 years. She was a member of the Catholic Ladies Relief Society and the Legion of Mary.

The survivors are her husband, John W. Titus; her children, Mrs. Irene Martin (formerly of Hobart Mills), of Carson City and Mrs. Julie Fippin of Grass Valley; three brothers and three grandchildren.

Mr. and Mrs. W. M. Englehart, Sr. Mr. and Mrs. Frank Titus and Mrs. John Titus of Truckee were at the funeral.

TO JOIN HUSBAND

Mrs. Vernon Nelson expects to leave Truckee Sunday to join Lieut. Nelson who is stationed in San Francisco. The couple have made their home here since their marriage three years ago. Although they will be missed, the community wishes them success in their new location.

Chamber Program Outlined During Directors Meet

Schedule Outlined to Give Members Idea Of Plans

ACTIVITY IS SOUGHT

Cooperation Necessary To Carry Out Local Program

Directors of the Truckee Chamber of Commerce met at Bank of America Wednesday afternoon where they approved a proposed program of activities for the 1941-42 fiscal year.

The program includes the establishment of a business-like organization devoted to furthering the best interests of this recreational area.

The board offers for the consideration of other members and businessmen the following program which will depend entirely upon the moral and financial support obtained:

1. An office will be established on the main street and kept open during regular business hours.

2. Signs will be placed in suitable locations about town directing people to this office for information, etc.

3. A full time secretary, capable of meeting people and giving out complete and accurate information will be installed and suitable stationery and supplies will be provided to handle correspondence, etc.

4. A manager will be appointed to have charge of the affairs of the chamber and direct and assist the secretary in her duties and to attend meetings when instructed by the directors or whenever the interests of this area may be furthered.

5. 5,000 booklets will be printed and distributed, advertising Truckee and vicinity.

6. A weekly newsletter will be written and distributed to firms and individuals describing (in season) our fishing, hunting and winter sports.

7. 5,000 windshield stickers will be obtained for summer and winter use.

8. Properly prepared advertising will be placed in carefully chosen newspapers advertising our summer recreational attractions, our winter sports facilities and our excellent facilities to handle conventions, etc.

9. We propose to direct our every effort to selling Truckee as an all year 'round playground center, as a home site and as a business possibility.

10. We propose to follow up the efforts already made to have the main street in front of the business houses surface between the sidewalk and the highway.

11. We propose to actively assist with office help every local organization interested in bringing local or district conventions or meetings to this locality.

12. We propose to assist in the preservation of our local landmarks and historic objects—such as marking the Donner Trail, beautifying of Donner State Park and the preservation of the Donner relics and the Native Sons hall.

Letters giving full particulars of the plan will be mailed out in the near future.

At the regular meeting Tuesday night, Justice of the Peace C. E. Smith was named chairman of the committee to investigate the advisability of the chamber of commerce sponsoring an incorporation election.

Duck Hunting Prospects On Boca Reservoir Fade As Guards Are Installed

The installation of guards at the Boca reservoir lends evidence to the report that duck hunting on that body of water will be strictly forbidden this fall. Efforts had been made by local sportsmen to have the reservoir opened for hunting but it seems that sportsmen will be deprived of the privilege of hunting at Boca.

My Place In The Sun

by DOUG BARRETT

According to a United Press dispatch from Folsom Prison this week, convicts there have purchased \$5,525 in United States Defense Bonds since the opening of the campaign on June 6. Buy a share of freedom today?

Another milestone in the progress of public ownership in Truckee was in evidence this week when the public utility district truck made its appearance on Commercial Row. The people of Truckee can look back with satisfaction at the step—taken in 1927—that took control of the local light and power out of private hands and placed it at the disposal of the community. A great deal of credit is due the successive boards of directors that have directed the course of this progressive enterprise. The incumbent board is an extremely fine one, consisting of Justice of the Peace C. E. Smith, Ben Tonini and W. F. Wilkie, Jr. and has done much toward advancement of the community in general. However, to one man should (and all to seldom doesn't) go the lion's share—to Cecil Edmunds, the public utility district is a life-time crusade and will be his monument in the years to come. Among its earliest advocates, Ed has constantly fought—and what I mean fought—for the advancement of the interests of the district. He has made enemies, he has made mistakes—both are requisite to making progress—but time and the law of averages seem to pretty well bear him out.

Bundle For Berlin

—Passed by Senator.

THIS Canadian-made bomb which weighs a mere 500 pounds is just one of some 100,000 that Canada expects to manufacture and ship to Great Britain this year. In addition to equipping and maintaining her own forces on active service at home and abroad, Canada is aiding Great Britain to purchase materials of war in the Dominion by providing her with Canadian dollars for this purpose. During the current fiscal year, Canada expects to lend the Mother Country \$1,500,000,000 to help her do this buying; and this sum in terms of American population and income is equivalent to \$23,000,000,000 under the Lend-Lease Act.

FAIR-O-GRAPHS

The California State Fair's horse and mule pulling contest, in which more than \$800 will be distributed in awards, will be held on the last two days of the Fair. Preliminary pulls are set for Saturday, September 6 and the finals Sunday, September 7. The contest scheduled for 9:00 o'clock in the mornings is held in front of the grandstand.

Defense Bond Quiz

- Q. Where should I keep my Defense Savings Bonds?
A. In a safe place because they have value which constantly increases. If you wish, the Treasury Department or any Federal Reserve Bank will hold them in safe keeping for you without charge, giving you a receipt.
- Q. Does an album filled with Stamps automatically become a Bond that will pay interest and mature in 10 years.
A. No. The completed album must be exchanged for a Bond. Regardless of the amount of money invested in Stamps, they will not bear interest until they are in the form of a Bond or Bonds.
- Note:—To buy Defense Bonds and Stamps go to the nearest post office, bank or saving and loan association; or write to the Treasurer of the United States, Washington, D.C., for a mail order form.

FIRE IN THE FOREST

We are now in the midst of the vacation season. And that always produced a ghastly fire waste of our timber resources. Fire in the forest is worse than any other kind of fire. A house can be rebuilt. A tree cannot. In a few years, roaring flames can destroy timber that nature must spend hundreds of years replacing. And fire in the forest brings with it the most horrible of deaths to deer, rabbits, birds, squirrels and the other creatures of the wild.

Man-made fire in the forest is almost always preventable. It results from man's ignorance, man's carelessness or man's thoughtlessness. All the laws in the world are powerless unless full public support and cooperation is given them. There cannot be a fire warden behind every tree.

One of the prime causes of forest fires is smoking. A family on a holiday drives through the woods, thoughtlessly throwing matches and cigarette butts out of the car. Usually they cause no damage. But one time in a hundred, one time in a thousand, they may fall in dry brush that is almost explosive. The irreplaceable timber may be destroyed. Never drop burning tobacco or matches anywhere.

Carelessness with camp fires is still another major cause of fire. Here again, the rules of safety are simple. Never leave a fire. Smother the ashes with water and earth. Always build your fire as far as possible from trees and brush, and in a cleared space.

One of America's greatest resources is its tall timber. It is the basis of a great employing industry which is vital to national defense. It is the source of pleasure and recreation for millions. Help to preserve it.

WINGS FOR AMERICA by Don Wiley MEMBER, AVIATION WRITERS ASSN

Back in May this column, discussing that leviathan of the air, the California-built Douglas B-19, advanced the opinion that such super-bombers probably would be provided with a screen of escort aircraft in much the same manner that battleships are now protected by destroyers and cruisers.

Two weeks ago, Oliver Stewart, one of Great Britain's best known air experts, elaborated on that theme in a talk shortwaved from London by the British Broadcasting Corporation.

Commenting on the ever-increasing "sweeps" now being made over Europe by bombers of the RAF, Stewart declared these attacks are pointing the way to the future development of air fighting. He added:

"It seems possible that the air formations of the future...will comprise heavy bombers escorted by long-range fighters and, for the first part of their outward journey and the last part of their homeward journey, by short-range fighters.

"In a way I am thinking of a mixed formation composed of aircraft of many different types, all working together and all cooperating to make the team as safe as possible, both

on its outward and homeward journey."

Development of a truly long-range escort fighter—that is, a ship capable of conveying super-bombers of the B-19 type throughout their entire voyage of destruction—is a job for the future. However, here in California we have made a good start with the Lockheed P-38, a high-altitude twin-engine plane with plenty of firepower and a range reportedly well over 1000 miles. The fact that the P-38 (known as the Lightning) has twin power plants is extremely important, for it appears certain the long-range fighter of the future will be a multi-engined affair.

The public got its first look at the new Vulture Vengeance dive bomber the other day. What the public saw was something far different from the relatively slow and clumsy Ju. 87 Stukas of Hitler's Luftwaffe.

The Vengeance is as sleek and as "streamlined" as any pursuit. And it has number of startling innovations, including something entirely new in diving brakes. Admittedly slow to recognize the value of the dive bomber, the British air command eventually decided on a design that incorporates all the lessons learned in modern air warfare. And Vulture engineers gave them a ship years ahead of anything that has yet appeared in European skies.

Do You Believe
In Monopoly?

One thing that has made America a great country is this:

Any man with the courage to start a new business—or sell a better product at a better price—is free to do so.

And he is also free to compete for customers by advertising the advantages he offers.

Advertising is one of the simplest safeguards against monopoly.

It lets each man tell his story—and the public picks the winner.

Tahoe Area News Items

Mr. and Mrs. Charles R. Heller of Meeks Bay are now visiting at Santa Cruz where they recently went because of his health. They wrote to the Sierra Sun that he has improved and are enjoying the change.

Mrs. Irene Bell, formerly of Tahoe, is now located in Oakland.

Mr. and Mrs. E. E. Prusso, former Lake Tahoe resort owners, are now living at Loudenville, N. Y.

Recent house guests at the Charles Kendrick home at Lake Tahoe were Mrs. John Proctor and daughter, Sally, of San Rafael; Barbara Jane Hart of Santa Barbara; Becky Swan, of New York; Jean Perelli-Minetti and Ann Eaton.

The 18th encampment of the Nevada 4-H Clubs at Lake Tahoe came to a successful conclusion Saturday evening.

The Red Cross swimming classes held daily at the Tahoe City pier are progressing with numbers of pupils in each class. Instructor James Phillips has been kept busy the greater part of each day so far and weather conditions continue ideal. Phillips says that enrollment in the Tahoe City and Kings Beach classes now numbers about 75.

The Red Cross sewing circle meeting in the Community Center building on Tuesday afternoon was attended by Mrs. Alice Case, northern California field representative. Articles which the local chapter has completed and donated to war relief this season are the following: 23 baby blankets, 15 convalescent robes, eight sweaters and several pairs of socks.

Joseph I. Hughes, author and explorer, who is vacationing at Tahoe, will put on his play, "The Unbeliever", at the Tahoe Tavern theater on the afternoon of Friday, August 22. The author and his son, Kenneth, will take the leading roles in the production. The play is to be given as a U.S.O. benefit by Hughes.

Is She a Brunet Harlow?

Howard Hughes, wealthy sportsman-flyer and movie producer who discovered Jean Harlow, is grooming this 19-year-old beauty, Jane Russell, for stardom.

More Donations to USO Party Are Made Known

Donations made to the Women's Club of Tahoe U. S. O. benefit and not acknowledged in last week's paper included Paine's Mercantile of Kings Beach, Tahoe Trading Post, Brooks Bakery of Crystal Bay, the Brookway Hotel, Loynd's Truckee Drug, Sierra Theater Circuit and Lloyd's Variety Store both of Truckee.

Major Arthur P. Crist gave a short talk on the need of building morale among the service men and how the "folks at home" can contribute to this morale. Mrs. Fred Prentiss and Mrs. E. P. Rogers were members of the committee overlooked in last week's report. The proceeds amounted to \$65.75.

Anne B. Anderson, librarian, reports that several highly appreciated gifts have been made to the Tahoe City branch library recently. Chief among these during the past week was the presentation by Mr. and Mrs. J. Zimmerman of Palo Alto, of seven of the latest novels.

Mr. and Mrs. F. A. Kilner are entertaining at their Homewood home this week his mother, Mrs. F. J. Kilner, of Palo Alto.

Week end guests at the C. A. Swanson home at Sunnyside included Mr. and Mrs. Wally Bearden and Miss Mellie Buselak of Oakland.

Distinguished Guests Stay at Lake Resort

Tahoe City, Aug. 14—Among distinguished guests who are spending a restful fortnight at Pinecrest on the south-western lake shore are Mr. and Mrs. Ivor Gorla of grand opera and concert hall fame and Richard Rosson and wife. The wife of a well-known MGM associate director is also vacationing there while her husband is absent in the filming of the forthcoming thriller, "The Battle of the Atlantic".

Mrs. Rosson, a popular screen star, will be remembered by many as Vera Sisson, leading lady to J. Warren Kerrigan. Mrs. Fredrica Davis of Honolulu and Mrs. S. A. Bobbitt of Washington, D.C., are also enjoying a summer vacation at Pinecrest.

Miss Alice Soll of Pine Lodge will leave during the week for San Francisco where she will attend the California School of Arts and Crafts.

Lloyd and William Strain of Tahoe City are also planning to return to classes at University of California on Monday.

Gustave Knecht, commodore of the Lake Tahoe Yacht Club, announces this week that the date for a second motor boat regatta here this summer has been definitely decided upon. The races will be held off the Chambers Lodge pier next Sunday, August 17, beginning at 10 a.m. Several new entries have been made and it is reported that Lou Fageol, who has heretofore been a major contender, will not take part in these events.

SERENA FRANKEL TO HEAD CAST AT LAKE SUMMER STOCK PLAY

The Cinderella story of a girl who had never been kissed is the play to be presented this week, Aug. 19 to 24, at Tahoe City by the Tahoe Players in Benjamin M. Kaye's "The Curtain Rises". The charming tale is set in pre-Hitler Vienna and concerns Elsa Karling, who at nearly thirty, decides to buy romance. She attempts to bet it by taking dramatic lessons from the leading matinee idol of Austria, but he refuses and sends his understudy.

Soon, however, the unattractive Elsa is so changed that even the famous actor is taken with her charm and beauty, and all Vienna captivated by her amazing last-minute performance of Juliet. And the ugly-duckling has her choice of the handsome actor, a well-known journalist, or the poor but proud understudy.

This new version of the old Pygmalion tale combines romance, comedy, pathos, and theatrical background into one of the best "escape" plays and is perhaps even more appropriate now than when Jean Arthur made her debut with it on Broadway.

In the Lake Tahoe production Elsa, the romance-starved rich woman, will be played by the talented Serena Frankel, who has already made her name with resort audiences playing leads in such Tahoe Players' successes as "Hay Fever", "Mr. Pim Passes By" and "Petticoat Fever". She will be supported by Janice Schwensen, Jeanne Smith, Ted Marcuse, Major West, Frank Burt and Hal Millen, all company standbys. The production will be staged by Robert Libbott, a well-known television and radio director from Southern California. The set by Charles Vance incorporates several completely new innovations heretofore unused in northern California staging. All in all the production has every requisite for an enjoyable evening in the theater that should be included by any vacationer in his Lake Tahoe plans for the ensuing week.

I. Zellerbach, Paper King, Known at Lake, Interred
Funeral services were held at San Mateo for Isadore Zellerbach, chairman of the executive committee of Crown Zellerbach Corporation, big Pacific coast paper firm this week. He was 75 at his death.

The paper magnate had been in business 54 years, starting with the original family firm, Zellerbach and Sons, in 1887. He retired as president of Crown Zellerbach in 1938 and was succeeded by a son. The deceased was born at Moore's Flat, an old mining town. The organization with which Zellerbach was associated has holdings in this vicinity and the family frequently visits Lake Tahoe.

Soda Springs-Big Meadow Road Is Open but Rough
The forestry road from Soda Springs to Big Meadows is open to traffic, reports the National Automobile Club, however many sections of this road have not been improved and will be found very rough. It is definitely not a road for the novice driver, but is entirely negotiable to the sportsman who seeks the elusive trout in the out of the way places.

Mr. and Mrs. Ed Judson of Hollywood, visiting at San Francisco this week, plan to go to Lake Tahoe before returning to southern California. Mrs. Judson is better known as Rita Hayworth of motion picture fame.

San Francisco has the fourth largest telegraph office in the world.

by ETHEL JOSLIN VERNON

COUPLE JOINED BY TAHOE CITY'S LADY JUDGE UNDER PINE

Tahoe City, Aug. 14—A quiet and unique wedding was celebrated at Bear Rock, the summer camp of Dr. and Mrs. Carl C. Plehn of Berkeley, last Sunday when their daughter, Mary Elizabeth Plehn, was married to Robert Luere Roe.

With Justice of the Peace Evelyn W. Bliss of Tahoe City officiating, the ceremony took place under a huge pine tree at the edge of the Plehn property on the Truckee River. The bride was attended by her aunt, Mrs. Dudley Baird of San Francisco.

The ceremony was followed by cocktails and a wedding supper which took place at the main cabin in camp. The place was beautifully decorated with evergreens and wild flowers for the occasion.

The bride is well known in Berkeley and popular in social circles of the bay region. Her father, Dr. Plehn, is professor emeritus of taxation and finance on the Flood Foundation. Her mother, Dr. Emily Noble Plehn, is head of the children's agency in San Francisco.

The bride is a graduate of University of California's school of architecture and has a teacher's certificate in art. She recently received her Master of Fine Arts degree from the Yale School of the Theater, where she won a full scholarship in costume designing. She has taken an engagement for the coming year to direct the dramatic department of the Dominican College at San Rafael.

The groom is the son of Mrs. Willis A. Dewey of Middlebury, Vt. Young Roe is a writer and poet of merit whose work has appeared in several magazines. He has published one novel-length book.

Dessert Bridge is Planned by Women's Club of Lake

by I. M. EDWARDS

Thursday, August 21, at 1:30 p.m. another enjoyable dessert-bridge party will be given by the Women's Club of Tahoe. There will be a short business meeting for members at 1:00 and it is hoped that at least a quorum will be present. Dessert will be served at 1:30. The admission fee has been set low as the club is desirous of having as many people as possible come to enjoy a sociable afternoon at cards. Everyone in the community is welcome. Mrs. Carl Bechdolt, Jr., will be hostess of the afternoon.

At the regular meeting on Thursday, August 7, the club decided to sponsor an aluminum drive in Tahoe and a large box will be placed near the post office for that purpose. Bring down all the aluminum that you cannot use and let us see how much we can collect for the nation's use.

Miss Anita Gebhardt, seasonal assistant at the Tahoe post office, will leave for Eagleville, Modoc county, on August 31, where she will begin her career as a school teacher. Miss Gebhardt has engaged to teach at the Eagleville elementary school during the ensuing term.

Miss Lillian Vernon and Miss Jessica Grossman will leave for Berkeley Saturday to resume studies in their last semester at University of California.

AUTO ACCIDENTS AT NEW PEAK AT LAKE DURING PAST WEEK

Tahoe City, Aug. 14—During the past week more traffic accidents occurred in the lake region than have happened here in any similar length of time during the present season. The accidents began early in the week with an auto crash on the Echo summit road. A car driven by John Lucas of Sacramento left the highway and crashed into a tree. William Roland, another Sacramento citizen, who was riding with Lucas, was seriously injured, sustaining a fractured skull and various lacerations. The driver, who was uninjured, was fined \$200 on a charge of driving while intoxicated.

E. F. Henderson, 70, of Meadow Park, Lake Tahoe, was severely injured when his car struck a tree on the lake shore highway about two miles south of Tahoe City. Henderson said he was forced to leave the road when a car ahead of him turned out without warning.

Another auto accident occurred early in the week on ac curve of the Emerald Bay grade, but most of the details of this crash could not be learned here as it was attended by officers out of El Dorado county. However, it was reported that one woman was seriously injured and was removed to a Placerville hospital.

Two cars collided on the southern lake highway later in the week, severely injuring one person. A car driven by C. E. Swain of Oakland was struck by one owned by George Rosselle of Truckee. Mrs. Ellis Crane, riding in the Rosselle car, suffered a broken arm and minor injuries.

Mrs. Betty Orr of San Francisco, with her daughter, Robin, visited friends in Tahoe City Sunday. Miss Robin, who is a graduate of the San Francisco Junior College, is accepting a position this week as a model for the I. Magnin Company of that city.

Reno Ball Player Object Of Benefit Game Aug. 20

Reno, Aug. 14.—The finest collection of ball players to appear on one local diamond will cavort at Threlkel Park, Fourth street, Reno, on Wednesday night, August 20.

The occasion is the Mike Inda Benefit Game, which brings together the powerhouse veterans of the 1937 Reno team which won so many games, against the flashy All-Stars of the Sierra Nevada League.

Inda was a popular and steady player with various Reno teams for the past decade. He is now desperately ill in a Colfax hospital and his former team mates believe that the funds they raise from this game will send him to Arizona and restore his health. The sporting "gang" is wholeheartedly supporting the move, with fans, players, officials and sports writers in several Nevada and Sierra California cities reporting a good sale of tickets.

Tahoe Theater Programs Contain Many Fine Plays

Copy for the programs for the Tahoe Theater at Kings Beach for the fortnight of August 17 to September 1 has been placed in hands of the Sierra Sun Shop printers and will make its appearance in printed form simultaneously with this issue of the paper.

When bringing in the program, Verne Shattuck, owner-manager of the Sierra Theater Circuit, said, "I defy you to find as fine a bunch of shows on any marquee or bill on the Pacific Coast—bar none."

The general tenor of the program seems to bear him out, for it includes "Pot O' Gold", with Oscar-winning James Stewart; "Pastor Hall", based on the story of Pastor Neimoller, German Protestant martyr to Hitler's Reich; "Blood and Sand", Tyrone Power's bid for Valentino's mantinee mantle and many others equally worthy of note.

Traveling Around America

Photo Grace Line

FOOD INDEBTEDNESS

WE are indebted, in a large measure to the "other Americas"—for our daily vitamins. Here are samples of some of the fruits and vegetables which our southern neighbors have given to us and to the world. The bananas by right do not belong in the basket, for they originated in southern Asia several centuries B. C.; yet South America is the main source of our supply.

Peru gave the world potatoes, corn, sweet potatoes, pumpkins, peppers, yams, and such exotic fruits as the cherimoya and sikana. Paraguay is believed to be the original donor of the pineapple. Brazil brought peanuts into the world. The ranchlands of the east coast of South America gave us yerba mate which makes such refreshing, stimulating tea. South and Central America introduced the orchid family whence comes our vanilla. As for meat—the

cattle ranch and the cattle industry were introduced to us by Mexico. She also contributed the very important item—chocolate. Various countries in the American tropics gave us the coconut, cassava, papaya, avocado, and other luscious fruits—to say nothing of chicle, without which there would be no chewing gum. South America also introduced the navel orange, the strawberry—and tobacco, which many people nowadays find almost as important as food. Such are only a few of the items on our daily fare which originated in the "Other Americas." In winter especially, the holds of ships arriving from fortnightly cruises to Peru and Chile bring up a plentiful supply of fruits and vegetables from the lands below the Equator, where seasons are the reverse of ours.

POWDER OUTPUT

Production of smokeless powder by Hercules Powder Company is now 10 times that of a year ago, the company announces. Hercules is on or ahead of schedule with each of its many national defense construction and operating contracts.

Sierra Grocery Features Self-Heating Food Stuffs

An innovation akin to revolution in the canned goods market is being featured this week by the Sierra Grocery, local Red and White store. The new product is known as Hot Can and is offered in three varieties of food—coffee, spaghetti and cheese and pork with beans.

According to Gene Barton, clerk and part owner of the store, Hot Can products may be rendered piping hot, ready to serve in 15 without any outside agency whatsoever. Simply by using a special punch and following directions on the can, the cooking is accomplished by a chemical patented process.

Bob Bowers, prominent member of the Truckee Outing Club's ski team, said this new product would prove a real boon to skiers out on long cross country treks.

DEFENSE SAVINGS STAMPS

Defense Savings Stamps are available in denominations of 10, 25 and 50 cents and \$1 and \$5. These stamps make possible the purchase of Defense Savings Bonds on a practical installment plan.

It's there with an Extra Wallop in reserve

SOMETIMES in your automobile you want zip and ginger, sometimes thrift.

Just name your choice. In this high-stepping Buick straight-eight with Compound Carburetion† you can have either, each in its proper place.

You can go about your business in easy, ordinary, everyday travel—and this frugal, two-carburetor system will keep you rolling smoothly with only the forward, thrift-size mixer on the job.

Yet any time you want life, lift, super-power it's there with an extra wallop in reserve—just step down on the treadle and you've got it.

That simple move sends

the second carburetor into action; steps up not only fuel supply but the air supply as well.

Thus you have your fun—and frugality too. Owners report mileage figures as much as 10% to 15% higher than on previous Buicks of the same size.

Which means, better go look at the engine that's both thrill-packed and thrifty too. You'll find it in a bigger, roomier, smarter-looking automobile that gives you more value per dollar than anything else you can buy.

†Available at slight extra cost on Buick SPECIAL models, standard on all other Series.

\$930

for the Business Coupe (illustrated above) including Compound Carburetion.

delivered at Flint, Mich. State tax, optional equipment and accessories—extra. Prices and specifications subject to change without notice.

PAYS YOUR GAS TAX FOR YOU

At present Federal tax rates, the savings on gasoline effected by Compound Carburetion are usually more than enough to pay Federal taxes on the gas you buy.

11TH HOUR WARNING

A decade ago Great Britain and the United States failed to lock the door until the horse was stolen. That was when Japan marched into northern China, sliced off a large chunk of territory, called it Manchukuo and established a puppet government there. A fortnight ago, Great Britain and the United States were again forced to protest after the horse was stolen, when the docile puppets of Vichy gave French Indo-China into Japanese custody. But today England and America are valiantly trying to keep the door tightly shut before the horse—in this case, Thailand—is stolen. Whether clear warnings to Japan will deter its military zealots at this late hour is doubtful. For ten years, with few reprisals, Japan has been highly successful in flouting the protests of others. Whether her ambition can now be curbed, as the people of Britain and the United States devoutly hope, is Tokio's secret. It will not remain a secret for long.

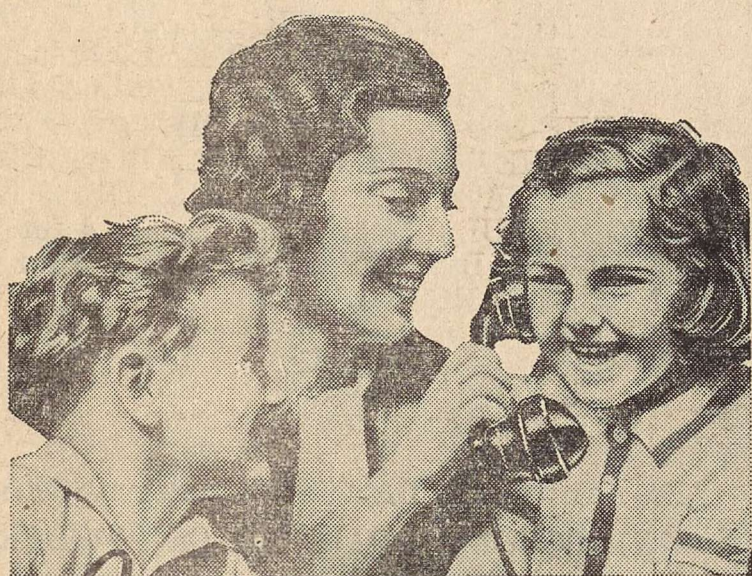

kuo and established a puppet government there. Summer Time

The temperature is up and most people aren't giving much thought to the problem of winter heat. However, this is the time to give a great deal of attention to that problem which literally may mean the difference between comfort and suffering, between life and death, here in the High Sierra.

This is the time to replace the outmoded and inefficient heating systems with modern oil burning units to furnish a maximum of healthy heat in the inevitable cold winter days ahead. This is time, too, to insure your winter's supply of fuel oil for the entire season. Then, too, this is the time to check your present oil burning units to see if you are enjoying peak performance from flawless equipment.

Yes, sir, now is the time for all good men to check up on next winter. It will be here sooner than you realize.

To Be Seen at State Fair

Hoop skirts are a little difficult when it comes to climbing through fences, pretty Annalouise Freise discovered when she experimented with an old costume in preparation for her participation in the "Girl of the Olden West" contest which will be a colorful highlight of the 37th annual California State Fair in Sacramento, August 29 through September 7. If Annalouise wins she'll be named "Miss Old West" and awarded \$200 on "Old West Day."

Mary Ellen Ronnse of Turlock is shown with Cozette's Diplomat Brown, one of the prize horses owned by George Dahlgren of Turlock, which will be exhibited at the California State Fair. Horse show opening August 29th in Sacramento.

SEVEN WEEKS OF WAR

Sunday, August 10, marked the end of the seventh week of history's most gigantic battle, a struggle being fought out along a weaving 2,000 mile front from the Arctic to the Black Sea, with battle lines fifty to a hundred miles deep. It is the next seven weeks which may well decide the victor of this fateful struggle. There now remain only three weeks of real summer weather in Russia and less than two months before the rains and snows of early winter come. So the German army faces two grim opponents: Time and the Russians. Though the German High Command greeted the seventh week of the campaign with announcements of sensational destruction of Russia's forces, with three million of the enemy killed, and nearly one million captured, those assertions seem contradicted by Nazis' actual rate of progress. However, the army communiques from both sides are not intended to be purely factual accounts for the enlightenment of the world. They are also intended to bolster home morale. It is not the communi-

ques, however optimistic, which will win the great battle now raging in Eurasia.

A CEILING FOR WAGES

Although there may be political TNT in clamping a ceiling on wages in industry, Congress is being reluctantly forced to contemplate that step. Checking inflation by price control without wage control is like bailing out a leaky boat and refusing the leak. But now a House committee has given definite assurance maximum wage proposals will be considered in conjunction with the price and rent fixing bill in the near future. The nation's choice during this critical emergency is, of course, not between regulation and non-regulation, but between regulation and runaway inflation. The lesser of the two evils is not in dispute.

CANADA AT WAR

Canada now has approximately 100,000 soldiers, sailors and airmen overseas. Last week part of the Third Canadian Division and other troops arrived in Britain on the largest convoy to leave Canadian shores since the outbreak of the

CALL FOR BIDS FOR TRANSPORTATION CONTRACTS

Notice is hereby given that sealed proposals will be received at the office of the governing board of Meadow Lake Union High School District, located at Truckee, Nevada County, California, on or before the 22nd day of August, 1941, at the hour of five o'clock, P. M., for the transportation of the pupils attending the schools of the said Meadow Lake Union High School District for the period from September 2, 1941, to June 8, 1942, in accordance with the terms and conditions hereinafter set forth.

1. All transportation must be by motor vehicles equipped and operated in accordance with the California Vehicle Code and the Rules and Regulations of the State Board of Education of California.

2. Each bidder must specify in his bid that the bidder binds himself to jointly insure his liability and that of the board and the district for damage to property or injury or death to person in the sum of \$5,000 for damage to property, and in the sum of \$50,000 and \$100,000 for injury or death to person, such insurance to be carried in any insurance company authorized to transact the business of such insurance in California.

3. The routes over which transportation is to be furnished and the schedule upon which transportation is to be furnished and the approximate number of pupils to be transported on each route are as follows:

Four (4) pupils from Floriston and Boca to Truckee Meadow Lake Union High School and return; and three (3) from Boca to Floriston elementary school and return to Boca.

4. Complete details of routes, schedules and other matters may be examined at the office of Clerk Lotta Bryant of Meadow Lake Union High School, Truckee.

5. The governing board of the Meadow Lake Union High School District reserves the right to reject any and all bids.

WHEN

YOU BORROW MONEY ON YOUR CAR

... you can also get
the important plus
values of *Timeplan*

Timeplan automobile loans may be arranged on your present automobile whether it is paid for or not; or you may refinance an existing automobile contract. When you arrange a *Timeplan* auto loan you receive the money immediately. No insurance is required on loans up to \$300, and you have 12 to 18 months in which to repay, depending upon the age of your car. There are no co-signers. This service is strictly confidential.

Above all, when you borrow on your car through *Timeplan* you also benefit by the important plus values which have made *Timeplan* famous. These are friendly neighborhood service through your branch of Bank of America and a credit relationship with this bank which can lend you money for other personal or family financial needs.
